NEW TREATMENTS

Has there ever been a dull moment in the Rejuvenating Skincare treatment room?

THE ECLIPSE IS ALMOST HERE!

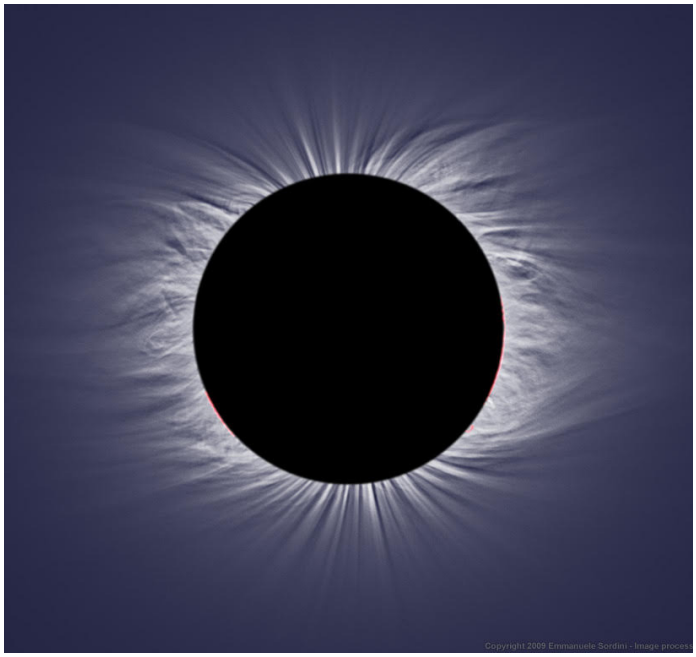
Those of you who know me well know that this is a BIG deal.

LATE SUMMER SKIN ADVICE

I don't like it any better than you do but it's time to think about Fall skincare treatment and managing your home care routine.

CHANGE IS GOOD.

You can feel that change is in the air this month. It's in the moon and the sun, and the stars too! This month the solar eclipse, which to me is mysterious and very magical, is on its way - August 21st to be precise. While reading voraciously about the coming solar eclipse that will turn the day into total darkness, I came across this quote (continued on pg. 3)



REJUVENATING SKINCARE HAS A BRAND NEW SERUM!

Meet Oxygen Elite 3.0.

This beautiful new serum mimics blood's ability to carry oxygen to cells, transports revitalizing oxygen to tissues and triggers the formation of collagen and elastin. Anti-inflammatory actives accelerate skins healing processes while increasing moisture retention. Not only are we excited to have a badass new serum, but our new logo by L.A. graphic artist Brittany Lewis looks REALLY good on the bottle!

$75. Use code Oxy15 for 15% off and free S&H.

LATE SUMMER SKIN REFINEMENT

Rejuvenating Skincare's newest facial treatment features two powerhouse ingredients that are meant for each other. Blueberry, meet activated Charcoal.

Blueberry enzymes are boosted with gently refining alpha hydroxy acids that smooth and brighten, followed by a creamy activated charcoal mask that brightens and draws out pore congestion without drying skin.

Here's the skinny on both key ingredients.

BLUEBERRY
Blueberry: nourishing, vitamin packed, omega-3 fatty acid rich antioxidant

CHARCOAL
Activated charcoal: behaves like a gentle magnet, attracting dirt and excess oils.

> AS SUMMER DRAWS TO AN END, IT'S TIME TO THINK ABOUT SWITCHING GEARS IN YOUR SKINCARE ROUTINE.

2017 HAS BEEN A REJUVENATING YEAR.

Rejuvenating Skincare has experienced significant changes since the beginning of 2017. My mission is to continue evolving in order to level up and bring you the best in professional skincare.

Since the start of the year, I've become a certified acne professional through Face Reality, the gold standard in acne clearance whose 20 years of acne expertise I now bring to you. It has been one of my greatest pleasures to help those of you with problem skin get clear when nothing else has worked.

I've successfully completed Level III of Healing Touch. Healing Touch is a phenomenal energy healing therapy in which practitioners consciously use their hands in a heart centered and intentional way to enhance and facilitate physical, emotional, and mental self-healing.

Lastly, I did advanced microcurrent facial training in Las Vegas this past winter. Some of you have experienced my latest and greatest gadget. The facial muscle toning results are not only immediate and dramatic but get better with repeat sessions.

It's important to me that you see the positive changes you want in your complexion. Coming in every month for a facial will give you incredible results from the outside in and from the inside out. After all, at Rejuvenating Skincare, it's about the whole person, not just your pretty face.

Thank you so much for your continued support, I look forward to seeing you again soon.

THE ECLIPSE IS COMING!

"Eclipses are dramatic wild cards in our horoscopes. They are some of the most dramatic tools that the universe uses to get us to pay attention to areas of our life that need to change. They uproot us, surprise us, and get us moving. They shake us out of our feelings of compliancy so that we can move from one level of maturity to another, to a higher plane, and the work very rapidly. Eclipses want us to change, and change we do!"

What changes are you seeing coming up in your life? A job change, a move or a change in the way you take care of yourself or your loved ones? You may be hit with news out of the blue that was not intended for you to see or know but once you are aware of this information, it will change your world.

Brace yourself or embrace the changes coming. They are happening whether we are ready or not. Not to worry, the changes are positive. It's the universe propelling us forward and making sure our eyes stay straight ahead on the horizon, no looking back.

The effects of the solar eclipse will start on or before the 21st of August and continue until the end of 2017.
